The HIV/AIDS and Aging Symposium is a grassroots community collaborative organized to bring awareness to the impact of HIV/AIDS on the aging community (50+) in Central Texas. The Symposium specifically targets professionals working in both the aging and HIV/AIDS communities, but is open to anyone interested in learning more in the areas of prevention, education, and treatment.

Save the Date for the 2011 Symposium:

Friday, November 4, 2011, 8am-2pm at

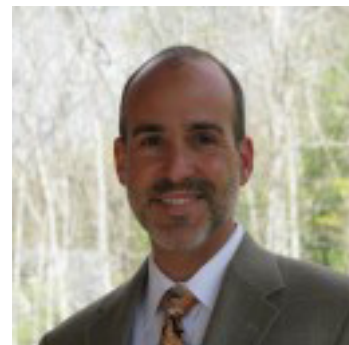

Meals on Wheels and More (3227 East 5th Street, 2nd floor)

Registration: \$10 or \$15 for social worker CEUs (lunch included).

Online registration begins September 19 at www.hivandaging.wordpress.com

Keynote Speaker: Dr. James Masten

James Masten, Ph.D., LCSW, has worked in the field of HIV/AIDS for over twenty years. He is on the Adjunct Clinical Faculty at New York University School of Social Work, and has been a clinical research consultant for Yale University School of Medicine, Duke University, and the Medical College of Wisconsin. Dr. Masten has a private practice in psychotherapy in New York City. Most recently, Dr. Masten has published *Aging with HIV: A Gay Man's Guide*.

Symposium topics include:

- **HIV 101 Seminar** presented by Jennifer Herrera y Nava (AIDS Services of Austin)
- **Aging 101 Seminar** presented by Annette Juba, LCSW (AGE)
- **Demographics/Emerging Population Trends in Central Texans with HIV/AIDS** presented by Justin Irving (Austin/Travis County Health and Human Services)
